

Specialist Nurse Practitioners – Skin

SkinHealth UK (part of Check4Cancer Ltd.) are seeking skilled and experienced dermatology or skin cancer nurse specialists for their SkinCheck Clinics. The clinics deliver an advanced and comprehensive Skin Cancer Assessment Service to private clients across the UK and Ireland. We are recruiting nurses to provide their expert clinical services in assessing our clients for skin cancers within our Private and Corporate Clinics.

Applicants must be capable of working independently and undertaking a full clinical skin assessment for the detection of Skin Cancers and demonstrate the ability to recognise the key features, symptoms, signs of all skin cancers. Applicants must be confident in the use of dermatoscopy for early detection/recognition of skin cancer, and be able to record and report these to our group of consultants. Nurses will need to use their experience, knowledge and skills to provide an expert, safe and efficient clinical service by demonstrating independent clinical judgement and decision-making skills. Our nurses work collaboratively with the Clinical Lead - Skin, Client Service Managers and the Clinical Advisor - Skin.

Full training in the set-up and process of SkinCheck Clinics will be given. SkinHealth UK strives to achieve the highest possible standards in specialist nursing assessment and professional expertise in the delivery of our services. Early detection saves lives.

We are currently looking for nurses for the following locations: London, Bristol, Birmingham, Manchester, Liverpool and Leeds. Other locations may also be considered, so please apply if interested but not living in above mentioned locations.

In return SkinHealth UK will offer fixed term contracts for full or part time positions at major cities. Ad hoc daily rates are also available in some locations. SkinHealth UK will offer attractive compensation, on-going training and interesting work in a fast growing company.

These positions would suit someone working as a part time skin cancer or dermatology nurse, specialist nurse with skin cancer assessment skills - including dermoscopy within the NHS; looking to expand their experience of private sector work. It may also suit candidates who have recently left practice, but maintain their professional registration.

For further details, or to apply please contact Reka Fogarasi, HR Assistant, Check4Cancer at Reka@Check4Cancer.com.
